

# BARIATRIC

SRS 2024

DAY 1 • FRIDAY, JUNE 21 • PLUMERIA B

CO-CHAIRS: Alisa Coker, Monika Hagen, Santiago Horgan, Erik Wilson

## SESSION 1

Moderators: Santiago Horgan and Sarah Samreen

- |                 |  |
|-----------------|--|
| 1:30pm - 1:45pm | Unleashing the Potential of Ambulatory Robotic Bariatric Surgery <i>Monique Hassan</i>                     |
| 1:45pm - 2:00pm | Breaking New Ground: Comparative Insights Into Hugo & Davinci Robotic Gastric Bypass <i>Michael Talbot</i> |
| 2:00pm - 2:15pm | Light it up: ICG in Bariatrics <i>Alisa Coker</i>  |
| 2:15pm - 2:30pm | Incorporating GLP-1 Agonists Into Your Bariatric Practice <i>Maria Altieri</i>                             |
| 2:30pm - 2:45pm | How I Do it: Robotic SADI <i>Erik Wilson</i>   |
| 2:45pm - 3:00pm | Panel Discussion   |

## SESSION 2

Moderators: Alisa Coker and Monika Hagen

- |                 |  |
|-----------------|--|
| 3:00pm - 3:15pm | How I Do it: Robotic Conversion of Sleeve Gastrectomy to Gastric Bypass <i>Santiago Horgan</i> |
| 3:15pm - 3:30pm | Achieving Efficiency in a Robotic Bariatric Practice <i>Sarah Samreen</i>                      |
| 3:30pm - 3:45pm | From 26,000 Lap Bariatric Surgeries to Robotics. Is It Worth It? <i>Elias Ortiz</i>            |
| 3:45pm - 4:00pm | How I Do It: Robotic Duodenal Switch <i>Ranjan Sudan</i>                                       |
| 4:00pm - 4:15pm | Single Port Robotic Bariatric Surgery <i>Francesco Bianco</i>                                  |
| 4:15pm - 4:30pm | Robotic Kinematic Data Utility for Sleeve Gastrectomy <i>Filippo Filicori</i>                  |
| 4:30pm - 4:45pm | Panel Discussion   |

## SESSION 3

Moderators: Erik Wilson and Monika Hagen

- |                 |   |
|-----------------|---|
| 4:45pm - 5:30pm | What's the Future of Robotic Bariatric Surgery? Procedures, Platforms, Staplers, Energy, Analysis <i>Erik Wilson</i><br><i>Panelists: Monique Hassan, Sarah Samreen, Michael Talbot, Filippo Filicori, Francesco Bianco, Ranjan Sudan</i> |
|-----------------|---|
